### **Fellow in Comparative Cultures or Interdisciplinary Studies**

Women in Intercultural Contexts. The fellowship program of the Center for Women's InterCultural Leadership at Saint Mary's College is seeking a scholar of Comparative Cultures or Interdisciplinary Studies, with a specialization in literary texts and traditions and their relation to women. The fellow will hold a joint appointment in Humanistic Studies, an interdisciplinary program focused on the contributions of "great books," women, and Christianity to the Western tradition, and the successful candidate should show some knowledge of, or sensitivity to, these subjects. We prefer candidates from the fields of literature, art history, or history. We are particularly interested in candidates able to teach international/intercultural cultural studies and/or post-colonial studies with a focus on Asian or Southeast Asian studies, Middle Eastern studies, African studies, or Latin American studies in an effort to broaden the intercultural scope of Humanistic Studies.

Candidates should have a PhD and a record of excellence in teaching discussion-based courses. Preference will be given to candidates who have experience in international or intercultural studies. The fellow will teach an introductory course with a biographical emphasis as well as an upper-level course in the candidate's specialty, in addition to pursuing the candidate's own research agenda. Teaching load is 2-1. The appointment is for the academic year 2007-2008 with the possibility of renewal for a second year.

Applicants should submit a vita, three letters of recommendation, and available evidence of teaching quality including sample syllabi. Review of applications will begin January 31, 2007 and continue until the position is filled.

Materials should be sent to Professor John Shinnars, Chair, CWIL-HUST Fellow Search Committee, 97 Madeleva Hall, Saint Mary's College, Notre Dame, IN 46556. Saint Mary's College has a strong institutional commitment to diversity and seeks applications from historically underrepresented racial and ethnic minority groups, those who have had multicultural experience, and those who can demonstrate a commitment to diversity

### **The Netherlands\_\_COLON\_\_ TNO Scholarship in Earth Science 2007**

Kategori: Beasiswa pascasarjana s2 di belanda jurusan geologi, kimia, geobiologi, geohidrologi, geofisika  
The Netherlands: TNO Scholarship in Earth Science for Foreign Graduate Students  
The Netherlands Organisation

for Applied Scientific Research TNO offers maximum four outstanding non-Dutch students the opportunity to follow the Earth Science master's programme at the Utrecht University. The masters should be in the field of study of: Beasiswa Indonesia Scholarship International diploma sekolah S1 S2 S3 dalam negeri dan luar negeri. -----geology, geo(hydro)chemistry, geobiology, geohydrology, geophysics, or physical geography. Only candidates of the highest achievement and promise relevant for TNO Geological Survey of The Netherlands may receive a scholarship. The research topic in the last year of the study will be carried out at TNO, under co-supervision of staff members of TNO. Duration and number of scholarships Selected students will receive a scholarship for a maximum period of 24 months. Amount of scholarship Selected Master's students are awarded a scholarship up to a maximum of 7,000 Euro per year, for the duration of two years. In total this amounts to 14,000 Euro. Aim of the programme The scholarship is meant to make a significant contribution towards the costs of travel and living while studying in Utrecht. The focus of the programme is primarily on students from EEA countries. For students outside the EEA countries it is necessary to find additional funding to be able to finance your study and stay completely. As one of the requirements for being granted a residence permit in the Netherlands, students from non EEA countries must prove to the IND (immigration and naturalisation office) that they have sufficient financial means. Selection procedure The selection for the TNO Scholarship is carried out by an Admissions Committee of the TNO Geological Survey of The Netherlands. This Admissions Committee will determine the order of priority of all the eligible candidates on the basis of the criteria below. Awarded grants are exclusively linked to the Master's programme for which the grant was applied for and exclusively linked to the proposed starting date. Awarded grants cannot be transferred to other Master's programmes and also not to another starting date. Eligibility criteria The applicant must meet the eligibility criteria in order to be considered for one of these scholarships. The applicant should: hold a non-Dutch passport and not be eligible for support under the Dutch system of study grants and loans. have been admitted to the Master's Programme Earth Sciences at the Utrecht University. hold a relevant Bachelor's degree or equivalent thereof from a non-Dutch university. be able to comply with the conditions to obtain a Dutch visa (only for students from non EER countries). Selection criteria Eligible candidates are selected for a scholarship on the basis of the following criteria: Their academic excellence and promise in the proposed field of study (the field of study should be relevant for TNO Geological Survey of The Netherlands); The academic quality and concrete results of the preceding education, as evidenced, for example, by grades, test scores, publications, letters of recommendation; The quality and relevance of the motivation letter (academic content, intercultural and communication skills, personal motivation); The quality of the application itself (completeness, accuracy, consistency). Additional conditions In order to get the second year of the scholarship, the student must complete the first year of the masters within 12 month. The second year of the master's study should be carried out partly at TNO, in cooperation with the responsible university supervisor. If the student at any point decides to change the subject of the master's study, the scholarship is withdrawn. Application procedure Send The TNO Scholarship application form your bachelor thesis or equivalent thereof A motivation letter of one page, which explains why this scholarship should be awarded to you to: Utrecht University Graduate School Geosciences Attn. of Mr. Ramon Ellenbroek Heidelberglaan 23584 CS Utrecht The Netherlands When you are accepted in a program your transcript, reference letters and CV will be added to this and the whole package will be decisive for your scholarship application. It is strongly advised to send the scholarship application in the same week as the application for the Master's Programme. Deadline of scholarship application If you plan to start in September applications must be received before March 1st of the same year. If you plan to start in February applications must be received before September 1st in the preceding year. Notification of the scholarship awards are expected six weeks after closing dates. Further inquiries Any further inquiries should be directed to the coordinator of the Graduate School Geosciences, Mr. Ramon Ellenbroek by e-mail only, in order to ensure efficient response: [r.ellenbroek@geo.uu.nl](mailto:r.ellenbroek@geo.uu.nl) Provided by: TNO Geological Survey of The Netherlands Source of this announcement can be found here.
