1000 of each with Gloss Laminate	£470	£543	£660	£754

*'Different Types of Card' refers to the printing of cards with different details on. As an example, a Company may require cards to be printed for 4 different members of its team. As such, the column referring to '4 Different Types of Card' should be used as the respective reference. Alternatively, an individual may require their details to be included on business cards which have been translated into 8 different languages. As such, the column referring to '8 Different Types of Card' should be used as the respective reference.

Other considerations include the following:

- Fees refer to the printing of both double and single sided cards (i.e. there is no additional charge for double sided cards)
- Fees are based on printing litho in 4 colour process onto a 350gsm standard white silk
- The size of the business card size is assumed at the standard size of 55x90mm
- All cards must be the same size if they are being included under the category of 'x Different Types of Card'
- Costs include a PDF proof which would be emailed back to you from your 'ready to print' files supplied to us, and includes trimming and packing
- Delivery will be charged separately depending on your preferred delivery method
- Any other bespoke specification must be priced separately
- Art work files are required in order for the printing to take place
